Input form

Button

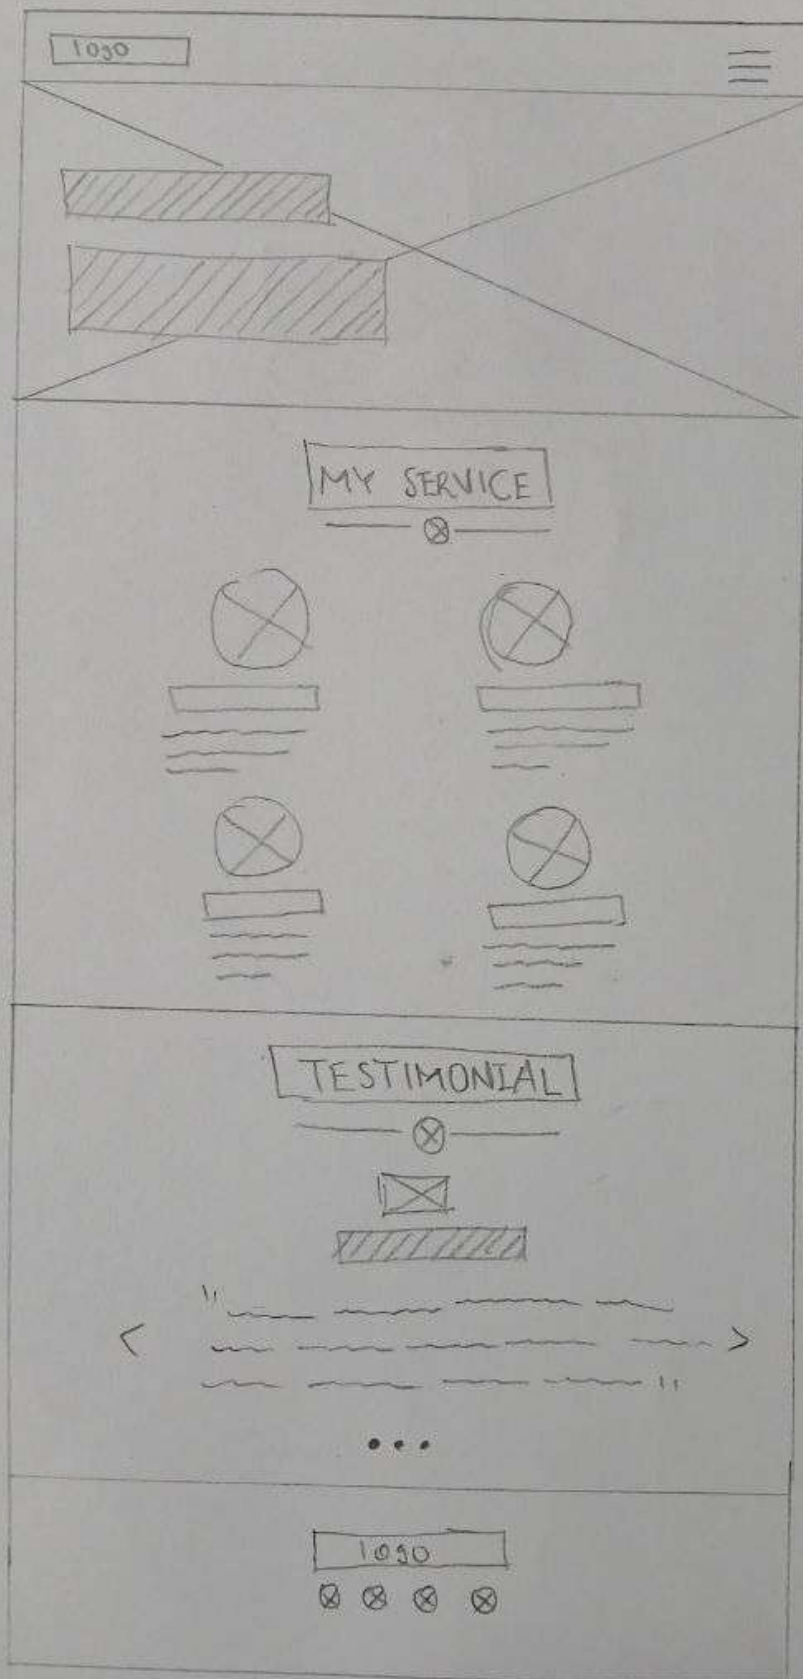

The wireframe is divided into three main horizontal sections. The top section contains a header bar with a 'Logo' box on the left and a hamburger menu icon on the right. Below the header is a 'CONTACT ME' button, followed by a vertical stack of three identical contact card elements. Each card consists of a circular profile picture placeholder, a hatched rectangular name placeholder, and two horizontal lines for contact details. The middle section contains an 'Input form' consisting of four stacked rectangular text input fields, with the top one being the largest. Below the inputs is a large rectangular area for a message, and at the bottom of this section is a 'SEND MESSAGE' button. The bottom section is a footer bar containing a 'Logo' box and four small circular icons.
